City of Washburn Staff and Elected Officials,

Thank you for the discussion on the relationship of Book Across the Bay and the City of Washburn at the October 10th Council meeting. The past 25 years have been a wonderfully beneficial relationship for BATB and the City and as a result dozens of Washburn based groups, clubs, and organizations.

The fiscally responsible decision for the longevity of Book Across the Bay is to condense the event to a single venue. This will ensure that the organization can continue to operate for many years to come and invest in our local groups, clubs, and organizations while hosting a tremendously beneficial mid-winter weekend for the region.

Please accept this letter as our formal withdrawal of our Event Application and Permits.

Sincerely,

Book Across the Bay Board of Directors
